ABOUT US

RING SPORT was founded in 1993 and in the following decades became one of the largest and one of the first importers of fitness equipment for home exercise, martial arts equipment, as well as equipment for equipping professional gyms in Southern Europe

RING sports equipment is certainly the equipment with the best price-quality-design ratio in the region.

We have been present on the market for 30 years, in over 500 stores, over 100 online shops in more than 14 countries.

Graduated technologists and athletes collaborate on the design of fitness devices and equipment at the same time.

The result is that RING fitness devices, props and equipment are massively used by both recreational people and top athletes.

RING SPORT is dedicated to building quality and innovative products that provide its consumers with a healthy and comfortable lifestyle.

We are dedicated to achieving the highest quality standards, through attention to detail and design in production, at the same time enabling the price to be the most competitive on the market.

All our fitness accessories have the necessary certificates, which are a guarantee of quality.

That is why the percentage of complaints about our products is even below 2%.
